

Fong Kah Jo

As CuMas President

(Credits to Ramaraj Sundraraj)

About Me:

Hello everyone! I am running for the CUMaS president simply because CUMaS is awesome and I plan on making it even more awesome.

The Previous Committees has done an exceptionally brilliant job. If elected, I vow to fully devote myself to improve the well-established CUMaS. Please listen to what I have to offer.

Name: Fong Kah Jo

College: Trinity Hall

Course: Engineering

Hobby: Football, Eating

Traits: Small eyes

Proposer:

Tan Kee Chong – Gonville and Caius

Secunder:

Ian Beh - Girton

Plans:

Societies Liaison

I have many good friends of various nationalities in different societies such as iCUSU, CUMSA, CUTS(Thai Soc) and Chinese society. Facilitating joint events would be much more possible and easier.

Past

Continuing the efforts and events organized by the previous committees, such as the fresher's banquet/camp and the continuation of post graduate representative. Also, in addition to retain the discounts that the previous committees fought for us, I will also continue to hunt for more discounts or share awesome deals and freebies such as the free TasteCard.

Summer Events

I Loved the freshers' camp and I will ensure that it becomes an annual (must have) event of CuMas. However, I wouldn't want to neglect the dinos as well! I have conducted a very brief survey amongst members of CuMas about their interest in a huge summer vacation event (and received positive feedback as well). A super awesome scuba diving/ beach trip is likely to be on its way.

Sponsorship

I used to be in the HELP Student Council, and single handedly secured RM3,000 for our Annual Ball despite being the Sports Exco, boosting our total sponsorship money for the ball to a whopping RM 15,000. I believe my prior experience would be an advantage for CuMas. In addition to that, I have good relations with Glomac and SP Setia as well.

Reputation

I have many Malaysian friends, who think that CuMas members only excel in academics. I don't know about you, but I find this rather annoying and untrue. Therefore, I am planning on creating a CuMas Sports team, where members will have to train regularly. I will collaborate with our sports officer as well to join more sports tournaments.

Why Me:

Commitment

The most important virtue any committee member can have. As an engineer (with all the extra spare time), I am ready to fully commit myself to CuMas.

Experience

- Was in Quarter Master (sports organizer) for 3 years and coordinated and headed countless events such as Sports day, and Cross country races etc.
- Sports Exco of HELP A-levels Student Council. Was the Head Coordinator of the Annual Sports Carnival and vice coordinator of HELP Annual Ball 2011.
- Was invited to co-organize MSSD and MSSS for the Selangor Sports Council for 2 consecutive years.
- Was invited to co-organize the Singapore Youth Olympics 2010, but rejected by my teacher advisor due to upcoming exams.

I believe my previous experience would give me the confidence to lead CuMas to its right direction.

Thank You all for reading. If elected, I will make sure that CuMas retains its legacy and awesomeness.
