

# Manifesto for Publicity Officer

YOU! Yeah, you! Do you like e-mails?  
Do you enjoy being informed?

Do you look forward to those cosy nights in just perusing the gripping CUMaSKini, hot cup of tea in hand?

Okay, you're right, that's a bit extreme. No one drinks tea.

(Alright, fine, I do.)

Seriously though! The CUMaSKini is an amazing platform for reaching out to all CUMaS members, keeping them on the ball and up to date with everything that this busy society does, which is why I want to be a part of running it.

Hello! I haven't introduced myself yet. I'm **Marcus**, first year medic at **Churchill College** and I want to be your **Publicity Officer!**

## Here are some of my ideas:

1) *Improve accessibility to all the new offer-holders (undergraduates **and** grads.) to reduce the number of people falling through the cracks. Providing our contact details to the University Admissions or working with International Welfare Officers in the colleges will hopefully help spread awareness about CUMaS to all Malaysian offer-holders.*

2) *Develop a working relationship with the Malaysian Societies in all the other UK universities, facilitating advertising and publicizing of big events such as MNight.*

3) *Work with the Graduate Representative to make sure all the Graduate Events are circulated to the mailing list to make sure they don't miss out!*

## Why you should consider me:

- 1) *I have had past experience with newsletters and mailing lists, being both a Columnist and Assistant Editor for newsletters in high school and college.*
- 2) *I enjoy working with others which I believe will benefit a Publicity Officer whose role often goes hand in hand with the many events organized by the rest of the Committee.*
- 3) *Currently not on the committee for any other societies, allowing me to dedicate my time to CUMaS.*

*A fading, near invisible knee bruise from brutal MNight dance practices. Tut, tut, if that's not dedication, I don't know what is.*

Thank you for reading! (kydk2) Murray Edwards
