Ahli-ahli keluarga CUMAS yang tersayang,

Hey Guys! In case you didn't know already, I'm a **1<sup>ST</sup> YEAR BIO NATSCI** at **ROBINSON COLLEGE**. Some say I'm quiet, others think I'm cool and fierce, but neither are true. I am, in fact, a very fun and outgoing person, and, on top of that, a **PASSIONATE, RESPONSIBLE, DEDICATED AND EXPERIENCED LEADER**:

- President of English Language Society in high school (CHKL)
- Pioneer and Camp Leader of the 1<sup>st</sup> CHKL Academics Societies' Committee Training Camp
- CHKL Student Ambassador for the 1 week Student Exchange Program to our sister school in Tokyo, Japan
- Class Rep in college
- Simultaneous positions in the Quality Assurance Team and Finance team for Jog For Hope 2013, one of the largest charity run by Pre-U students in Malaysia (we raised RM 37,000 for POSHE)
- iCUSU Talent Show Sub-committee - Ents Officer
- Natural Sciences Part IA Physiology of Organisms Course Rep

Since I arrived at Cambridge, CUMAS has become my family in the UK. I'm really thankful for what CUMAS has given to me and will be giving me. Therefore, I have an ambition, an ambition **TO GIVE, TO IMPROVE AND TO CONTRIBUTE - TO YOU**.

### 1. CONNECTIONS WITHIN CUMAS – MORE THAN JUST FRIENDS, BUT FAMILY

- Gatherings before term
- Week 6 Get-together – Potluck / Movie Sessions / Games
- End of Term Day Trips / Outings

### 2. CONNECTIONS OUTSIDE CUMAS – GO INTERNATIONAL

- Joint events with other international societies
- Socialising groups (college and/or course) – get around and know more people, especially Westerners
- Bonding with other Malaysian Societies in the UK – invitation to CUMAS flagship events, as well as attending their events in a group

### 3. PUBLICITY AND SPONSORSHIP

- Increase publicity of CUMAS events in Cambridge (eg. Approach College JCRs, via iCUSU)
- Approach potential sponsors and companies in Malaysia during summer break to increase funding (whenever necessary)

### 4. STRUCTURE AND ORGANISATION

- Improve guidelines and timeline for event organization
- Even task distribution – everyone has the same weight on their shoulders, especially the President
- Decisions made transparent to members and allow for suitable questioning (it is OUR CUMAS)
- Involve members in organizing flagship events – but nothing more than what should be the committees' responsibilities (eg. Opinions survey)

### 5. PROSPECTIVE STUDENTS' EXPOSURE

- Continue the success of Outreach and further expand to more areas, eg. East Coast Peninsular Malaysia
- Workshops on admission tests and interview preparations – together with Pre-U institutes and MABECS

### 6. CONTRIBUTIONS TO MALAYSIA – TANAH AIRKU

- Summer Mentoring Programs / Tuition Classes for underprivileged students (eg. in orphanages, or seek possible collaboration with Teach for Malaysia)
