WHY DONN?

Born to a CUMaS family of two dads and two brothers, I was showered with unprecedented love when I first arrived at a foreign land. Personally, I feel that friends and family at CUMaS provide a channel to keep our sanity in check while we're constantly bombarded with tripos papers. But what is CUMaS? CUMaS is chilling together at #tradisimalamsabtu. CUMaS is playing badminton together. CUMaS is sharing laughs and doing stupid things together. CUMaS is cycling to Granchester together. CUMaS is (sometimes) texting during lectures in the fresher's group. But most importantly, CUMaS is home - somewhere we can be ourselves and have a fun time with people of the same frequency, where we resonate and the amplitude of our happiness increases to a maxima. Thus, I am running as President to ensure that future generations of Cambridge Malaysians will enjoy this one-of-a-kind experience! Besides, I'm also dedicated to CUMaS and have spent countless hours memorising my lines for MNight (partially to avoid abuse by director Lynn). Stepping down from UKEC next year also means that I will dedicate 100% of my time to CUMaS. One thing I can promise is: I have always given my best to CUMaS and I will always give my best to CUMaS.
