

Yi Jer for CUMaS President

About Myself

Hey guys! I'm a first year **Natural Scientist** at Jesus College, and I want to be your **CUMaS President** for the upcoming year!

If you vote for me, I will lead a CUMaS that will be **open** and **inclusive**, and I will **take action** to make the society more **relevant** in today's world.

I have worked at a **non-profit** and a **tech startup** before, and I am very passionate about improving the social landscape of Malaysia. I am a very **dedicated** and **motivated** individual, and I will no doubt **do my best** and always put the **interests of fellow Malaysians first!**

Policies

Non-profit Collaboration: work closely with Malaysian non-profits in the education sector, to inspire and provide support to the next generation of Malaysian youth.

Sponsorship: reach out to major corporations in Malaysia to better fund CUMaS events in Malaysia, such as CUMaS Outreach and (hopefully!) aforementioned collaborations with non-profits.

LGBT+ Role: introduce a role, either independent or integrated into the welfare officer's role, to deal with the needs and concerns of fellow LGBT+ Malaysians at Cambridge.

CUMaS Website: revamp the website to provide updated and relevant information about the society.

Proposer: **Jason Too** | Seconder: **Karen Soh**
