## CUMaS PRESIDENT

CHRIST'S COLLEGE (vw266)

Proposer : Gan Jia Min (Magdalene College)

Seconder : Eer Kai Song (Newnham College)

**"I envision to retain the family culture and all other traditions of CUMaS but concurrently strive to make our society stronger and better."**

### SPORTS, GAMES, MUSIC AND SOCIALS~

- Organize one major **TREASURE HUNT** primarily for all Malaysians in Cambridge
- Promote and initiate **FORTNIGHTLY FORMALS** in different colleges followed by **MALAYSIAN FELLOWSHIP** and friendly **GAME SESSIONS**.
- Start a **CUMaS MUSIC BAND** with opportunity to perform during our various events such as Malaysian Food Festival, CNY celebration, Lent Formal, MNight and etc.
- Work towards building **A STRONG MALAYSIAN SPORTS TEAM**
  - Appoint captain for each sport to supervise and encourage team members to come for weekly training
  - Rent facilities for those trainings with a specially allocated budget,
  - Have occasional friendly matches with other university sport teams
  - Join more Malaysian Sports Game

### OUTREACH

- Continue and expand the outreach projects to more parts of Malaysia.
- Introduce a different approach of outreaching through **VIDEO CLIPS**. Then, lead students to our **ONLINE GUIDES** that serve the same purpose as the outreach talks.

### EDITORIAL

Intend for CUMaS to **publish at Malaysian local newspapers** to promote our society and also to give opportunity for our members to publish their writings and increase their credibility

### ACADEMIC

Propose the idea of setting up **ACADEMIC GROUPS** for different courses (eg. Natural science, medic, engineering, law, mathematics) with an academic head for each academic year. The group members can study, share resources and discuss academic work together while seniors in the group can help to supervise the juniors and share materials with them.

### My Qualifications

- ❖ Founder and Publishing Director of the first ever newspaper publication in Taylor's College Subang Jaya
- ❖ Vice President of Think Tank Society - represented my college in several research conferences and initiated weekly discussions and forums on pressing Malaysian matters
