## Why me!?

Bio NatSci at Newnham; msd50@cam.ac.uk

Coming to Cambridge can be very daunting, especially when all the way from Malaysia, so I want to make sure both the incoming freshers and current members feel welcomed in our big, happy CUMaS family!

& I have experience! ->

- KTJ dept head girl, sixth-form committee and prom com - experienced organising events
- KTJ debater and junior debate trainer - can discuss social issues from different points of view to help provide support and clarity
- Helped cook at MFF and can use chopsticks well - prepared to cook for homesick/stressed frens

- Organise a freshers camp as lit as ours <3
- Continue to distribute the termly welfare packs that keep us going
- Keep a secret stash of Malaysian snacks to share with anyone that wants to talk
- Organise a trip to the Asian supermarket together at the start of term
- Set up a centralised system (Google drive) for seniors to pass notes on to juniors - tackle the major source of our stress (Tripos) head on!
- Provide a support system and safe environment for Malaysians to be able to openly discuss LGBT+, gender, religious or racial challenges that may come with moving between cultures or back home.

What will I do!?
