### *Experiences*

- i) Secretary for Cempaka Islamic Association.
- ii) Part of the organising committee for MPPC 2014.

### *Ideas...*

Organise a team of writers for articles in CUMaSKini. These compositions can range from anything and everything (philosophy, literature, sports etc.), as long as they are worth reading. In particular, tying in with our inaugural CUMaS Speaker Series, the writers can document, summarise and reflect upon the ideas in the talk, making it ever more meaningful to CUMaS members.

### *Aims*

- i) To do my best in ensuring the smooth operation of CUMaS' humdrums in general, and its secretarial aspects in specific.
- ii) Promote CUMaS membership and activities more vigorously to a wider target group of Malaysians, especially among the Masters and PhD students.
- iii) Support the committee in whatever way possible, especially in communicating information during Outreach programmes.
