

AMANDA SIM

FOR EXTERNAL OFFICER

Proposer: Lim Jay Yen (Robinson)

Seconder: Lynn Pang (Queens')

A shout-out to all the Malaysians out there! I'm Amanda Sim, a 1st year engineer at Gonville & Caius College. Cambridge is such an amazing place to study and live in. Can't wait to share this awesome experience with other anak-anak Malaysia!!

Why Me?

- ◆ I have lived in Sarawak for most of my life, currently living in Kuala Lumpur. (You can say that I know both East and West Malaysia pretty well)
- ◆ I was the Model Student, Head Girl, President of Tennis Club, Chief-Editor of Editorial Board, Vice Chairman for my school's Orientation Programme, MC in our school concert, etc... Hence, I have lots of experience in organising events.
- ◆ Most importantly, I am very keen to promote and encourage more students to apply for Cambridge. You'll never know if you can make it unless you've tried!

Goals

- ◆ **Expand outreach programmes** to more areas throughout the country
- ◆ **Create video clips** featuring the student life in Cambridge... show them we don't just study Study STUDY!!!
- ◆ **Enlighten applicants** about Cambridge's application process
- ◆ **Provide relevant information** on different courses for prospective students
- ◆ And of course, not to **scare** them away from applying to Cambridge!
