### Why I should be your #presiDAN

I *believe* in CUMaS and all that it stands for. I plan to continue the formidable efforts of our previous committee members in making CUMaS '*home away from home*'. I aim to incorporate my ideas with your thoughts & voices, and, as a family, lead CUMaS in reaching its fullest potential!

### What I care about

- **Welfare** — Keeping you happy & sane throughout the academic year!
- **Opportunities** — Providing ways for you to explore & develop your interpersonal skills!
- **Network** — Bridging the gap between current students, both under- and post-graduates and our alumni!

### The next step

- **CUMApps** — An interactive platform to allow connections & access to resources (a developing idea!)
- **Sponsor/Alumni Engagement** — Tailored career workshops with invited alumni & sponsors, as a way to provide exposure to the working world
- **Internships** — Research for a wider range of available summer programs suited for students from various courses, i.e. law, engineering & accounting firms
- **Postgraduates Involvement** — Arrange for events that integrate the interests and ideas of postgrads i.e. Freshers' Camp, MSRC conference
- **Care packages** — A choice to receive monthly Malaysian favourites (food) through collaboration with Malaysia Kitchen based in UK & local companies, i.e. Milo, Maggi, Brahims
