[publicityofficer](#) Hey! I'd love to make CUMaS even more famous than it already is *cheh*. Why not show the rest of Cambridge what we Malaysians are all about? Events like MFF and Mnight can be massively publicised to give our international friends a taste of who we are. Posters, flyers, social media - I'll make sure to get the word out. I enjoy using my creativity to tackle a project and would love to bring various talents together to better publicise this awesome community.
[#VoteforClaire](#) Something I want to do: a YouTube channel featuring funny interviews with Cambridge Malaysians and 'Day in the Life' videos - this would be great for outreach too!
[2ndchoice_welfareofficer](#) because I love people 👍
[voteformebecause](#) I've got a creative vision and I care deeply for Malaysia as well as the community we have here in Cambridge :)
