

Song Lim for

CUMAS

Technical Officer

PETERHOUSE, ENGINEER

Email: sll75@cam.ac.uk

Proposer: Eu Jin Wong (Selwyn College)

Seconded: Esther Chua (Fitzwilliam College)

Why Me?

Programming

- Fluent in a few programming languages such as C++, Python and others.

Webpage Design

- Helped my father to create and design a business website
- Fluent in HTML and CSS

Technical and Art

- President of Robotic Club
- Acquire a lot of technical skills from engineering.
- Enjoy doing art stuff such as designing poster, folding origami and others.

Graphics Designs

- Experience in both 2D and 3D graphics design (Autodesk Maya, Creo, Photoshop....)

Missions & Goals

- Design a new mascot for CUMAS.
- Improve CUMAS webpage interface design
- Develop an interactive CUMAS phone apps that provide the latest update about CUMAS and information about Cambridge.
- Develop a database for "internship finder" so that people can access and find it easily.
- Develop a database Alumni and current students database information such as contacts
- Develop a Mandarin and Bahasa Melayu version of CUMAS webpage to reflect Malaysia's diversity :P

I'm really passionate and looking forward to make these happen, and therefore I do really hope that these are convincing enough for you to provide me this great opportunity to serve CUMAS by contributing my technical skills. Last but not least,

Trust me I'm an Engineer :P
