

# JIA WEI KHO

## Experiences

- Head Boy
- Sixth Form Committee
- Prom Com Co-Head of Fundraising
- Captain of School Hockey Team

## SKILLS

1. **Event planning:** experienced in process of planning to execution
2. **Communicator:** able to exploit persuasion skills in both casual and formal settings
3. **Team player:** accustomed to many team structures and leadership styles which allow me to adapt and work seamlessly with any team

As a first-year engineer, it was very easy for me to get caught up in the whirlwind of 8-week terms. With that, I found Cambridge increasingly like a bubble. Through CUMaS, I want to help freshers and members remember to take a break and recharge in as many ways as possible

### For Socials Officer

Proposer: Wen Yeh Lee (Clare College)

Second: Shaun Ho (Homerton College)

## GOALS

### “Family Friendly” Socials

CUMaS is home to a multitude of people that play host to different definitions of socialising. As social officer I hope to cater to all members and to organize wholesome gatherings and to encourage inter-year socialising (e.g. movie nights and plenty of food!)

### Formals

I'm committed to organise the termly formal and I hope to target formal halls that are less commonly visited through advanced planning.

### Swaps

CUMaS is a big society but I wish to promote socialising between other societies. I plan to actively seek collaborations with other societies through formals or by arranging meals at restaurants around Cambridge. I mean, what better way to bond other than food? Glad you asked, because inter-soc clubbing nights will be coming back to you 2019/20.
