

FOR EXTERNAL OFFICER
2ND CHOICE: SOCIALS OFFICER
PROPOSER: EMILY HO (CHRIST'S)
SECONDER: CARYL TEH (GIRTON)

ABOUT ME

A simple kampung boy from Kuching, Sarawak.

A law student who spends more time in the kitchen than at the library

Enjoys helping others (when I can barely help myself)

WHY ME?

I've organised plenty of activities and events in high school.

I'm Sarawakian and therefore am well-suited to arrange activities in East Malaysia, where knowledge of Cambridge is scarce.

I have organised debating workshops in states across the Peninsula, therefore I have experience in contacting and working together with schools there.

The mentorship and advice I received from other Cambridge alumni during my application has inspired me to do my part in giving back to the Malaysian community.

PLAN

Increase accessibility to advice, information and resources regarding application to Cambridge University for Malaysian students.

Organize outreach programmes (especially in East Malaysia) aimed at informing students about life at Cambridge University and the application process

Continue to arrange mock interviews for aspiring Malaysian Cambridge applicants
