Proposer:

Jacky Chai
Selwyn College

Seconded:

Shaun Ho
Homerton College

Overview

Coming from Sarawak, in which the community by nature was more laid back and close-knit, I've come to understand the importance of building lasting friendships with not just peers of our age, but also with those who have gone through much more than us and those who were once in our very shoes.

I have benefitted tremendously from the advice and opportunities extended to me by the alumni and therefore would also love to extend this privilege to everyone within CUMaS.

Vision and Goals

- To expand alumni engagement beyond Malaysia to alumni based in the UK
- To help connect students looking to break into highly competitive careers with alumni in the industry for mentorship/advice/internships
- To increase accessibility of the alumni network to CUMaS members

Why Me?

- I love meeting and connecting with people who share a common experience
- I believe that more than the education, it is the network of people that we meet at Cambridge that truly makes the difference

Experience

- Sunway College Student Council – Treasurer
- Inter-school Christian Fellowship – Founder & President
