WHY

One of the main reasons I'm running for the role of President is that the Malaysians in Cambridge are some of the most **genuine** and **friendly** people I've met, which makes my first-year experience **less lonely** than it would've been. Hence, being in a team with you would ensure **great teamwork** and **good communication**. By **working together** with everyone, I wish to preserve this **friendly Malaysian culture** in CUMaS so that everyone will always feel welcome by the **warm** and **familiar** environment.
