

ABOUT ME

Hello! I'm Loong Huey Xin, a 1st year Engineering student from Fitzwilliam College. Loong means loan shark, so I'm *definitely* a money person

WHY ME?

- Good with money

I was treasurer of the Buddhist Society as well as class treasurer for 4 years in high school. I have experience dealing with funds and accounts.

- Good at pestering people for money and funding

When I was head of a fundraising event in college, our batch of committee members managed to raise the highest amount of funds in our club history.

-Organised and responsible

I was the chairman of St John Ambulance in high school, a division of over 200 members. I was also the president of the Chinese Cultural Club in college, where we organised major college events, so I am well-trained to be very organised.
