Why alumni?

I moved around a lot as a kid, so I am currently the alumni of 10 schools, and getting touch is always tricky, especially when it comes to distance and time. I want to be an Alumni Officer so I can make alumni feel as welcome when they reunite as they did on their first day stepping foot into Cambridge!

I have plans, not just plans of a plan.

Alongside organising the Alumni Dinner held in Malaysia, I would like to integrate more opportunities for current students to interact with Alumni, like a career or advice mentoring scheme, more socialising events as well as inviting alumni for virtual talks at CUMAS events taking place in Cambridge!

I would also like to compile the best food spots according to the alumni and try them all out for the sake of CUMAS of course. <3

Thank you!
