

# Ann Nee Lim

## For External Officer

Hello! I'm a first-year engineering student @ Lucy Cavendish College

Proposer: Nerrisa Kaur Dhaliwal  
(Corpus Christi)

Seconder: Nadia Laressa Binti  
Muhammad Na Im (Fitzwilliam)

## Vision & Objectives

### 1. Expand Access to Cambridge Resources

Strengthen CUMaS outreach programmes by connecting with more schools across Malaysia and providing students with practical support such as mock supervisions, personal statement workshops, and admissions test preparation.

### 2. Organize information sessions to help prospective applicants learn more about life at Cambridge

Allows prospective applicants to gain a clearer understanding of what studying here is like and allowing them to ask questions directly. We can provide them with useful information of the collegiate system and what life abroad is like.

### 3. Strengthen the CUMaS Volunteer Network

Actively recruit and coordinate volunteers across different subjects to ensure applicants can receive guidance tailored to their academic interests.

## Experience

### Action Strand Captaincy

- Led the planning and execution of a large-scale charity event for 200+ refugees
- Organized a street store and food bank supporting 100+ individuals experiencing homelessness

### School Prefect

- Assisted 100+ students in their transition to secondary school through mentoring and guidance

### Project Manager of Science Interstrand

- Planned an Interschool Science Olympiad, which will involve over 5 schools from across KL
- Coordinated the operations of the Physics team

### Board Member of the Interact Club

- Raised over RM10k to support charity organisations
- Managed the finances of the club, including budgeting and preparing financial statements
